Education

QC Ware & IRIF, CNRS

DOCTORATE IN COMPUTER SCIENCE

- Industrial PhD in Quantum Machine Learning

Paris, France

2022 - 2026 (Expected)

Université Paris Cité (University of Paris City)

PARISIAN MASTER OF RESEARCH IN COMPUTER SCIENCE (MPRI)

- Honoured: Magna Cum Laude

Paris, France

2021 - 2022

Indian Institute of Technology, Roorkee

BACHELOR OF TECHNOLOGY IN COMPUTER SCIENCE AND ENGINEERING

- CGPA: 9.538/10

Roorkee, India

2017 - 2021

Experience

QC Ware Corp.

QUANTUM RESEARCHER (ASSO. STAFF SCIENTIST)

- Researcher under the guidance of Prof. Iordanis Kerenidis.
- Provided QML research consultancy and services to various client firms.

Paris, France

August, 2020 - Present

IRIF, CNRS and Université Paris Cité

MASTER'S RESEARCH INTERNSHIP

- Research Internship for M2 of the Masters (MPRI).
- Guided and supervised by Prof. Iordanis Kerenidis.

Paris, France

April, 2022 - August, 2022

Quantum Open Source Foundation

MENTOR

- Mentored a candidate to contribute to the Quantum Protocol Zoo.

Online

September, 2021 - January, 2022

IRIF, CNRS and Université Paris Cité

RESEARCH INTERNSHIP

- Research Internship for completion of Bachelor's Thesis Project.
- Guided and supervised by Prof. Iordanis Kerenidis.

Paris, France (Remote)

August, 2020 - December, 2020

Institute for Quantum Computing, University of Waterloo

UNDERGRADUATE RESEARCH ASSISTANT

- Research Assistant under the guidance of Prof. Norbert Lütkenhaus.
- Associated with Optical Quantum Communication Theory Group.

Waterloo, Canada (Remote)

April, 2020 - July, 2020

LIP6, CNRS and Sorbonne Université

RESEARCH INTERNSHIP

- Summer Research Internship under the guidance of Prof. Elham Kashefi.
- Part of the Quantum Internet Alliance team at CNRS.
- Associated with Paris Centre for Quantum Computing.

Paris, France

May, 2019 - July, 2019

Information Management Group, IIT Roorkee

CHIEF OF RESEARCH AND DEVELOPMENT

- Working with a team of around 50 tech enthusiasts to develop software solutions for the college campus community.
- Maintain the IIT Roorkee official website with up-to-date technology stack.

Roorkee, India

January, 2018 - June, 2021

- Talk at **QTech, 2020** in Barcelona, Spain

Projects

Quantum Machine Learning for Enhancing MRI Screening

JOINT WORK WITH **HARVARD MEDICAL SCHOOL** AND **F. HOFFMANN-LA ROCHE AG**

September, 2023 - August, 2024

- Part of Wellcome Leap: Quantum for Bio Challenge - Phase 1.
- Applying various quantum machine learning techniques to improve MRI acquisition.

Quantum Bayesian Neural Networks for Anomaly Detection

JOINT WORK WITH **AIRBUS**

November, 2023 - August, 2024

- Applied Bayesian learning to Quantum Orthogonal Neural Networks for segmenting the faults in 3D car parts.
- Used FNNs and 3D CNNs along with their different Bayesian versions to find the optimal solution.

Quantum Neural Networks for Credit Risk Assessment

JOINT WORK WITH **ITAÚ UNIBANCO**

September, 2022 - March, 2023

- Designed Neural Networks for predicting credit risk from the bank's customer data.
- Matched classical performance with significantly fewer parameters using quantum neural networks.

Quantum Autoencoders for Anomaly Detection

JOINT WORK WITH **AIRBUS**

September, 2022 - March, 2023

- Designed autoencoders using quantum orthogonal neural networks to detect anomalies in satellite images of ship routes.

Quantum Vision Transformers for Medical Image Classification

JOINT WORK WITH **F. HOFFMANN-LA ROCHE AG**

April, 2022 - August, 2022

- Developed both a quantum analogue and a quantum native variant of the vision transformer.
- Used the developed techniques to classify Medical MNIST images.
- Perform real hardware experiments to benchmark performance.

Quantum Convolutional Neural Networks for Surface Crack Detection

JOINT WORK WITH **BMW**

August, 2020 - June, 2021

- Designed a convolutional neural network based on quantum orthogonal neural networks.
- Used the developed techniques to segment cracks on surface images.

Quantum Orthogonal Neural Networks for Medical Image Classification

JOINT WORK WITH **F. HOFFMANN-LA ROCHE AG**

August, 2020 - June, 2021

- Designed an orthogonal neural network architecture using quantum gates.
- Designed efficient learning algorithm to train the perfectly orthogonal neural networks.
- Extended it further to actual quantum architecture and benchmark its performance.
- Used the developed techniques to classify Medical MNIST images.

Numerical key rate calculator for QKD Protocols

PART OF RESEARCH ASSISTANTSHIP AT IQC, UWaterloo

April, 2020 - July, 2020

- Contributed to the development of the software architecture and wrote protocols fitting into it.
- Wrote unified algorithms to perform parameter optimisation for various QKD Protocols using numerical methods and optimisation techniques.
- Used High-Performance super-computing clusters of ComputeCanada to evaluate various QKD protocols' key rates for different parameters.
- Software available in the public domain at <https://openqkdsecurity.wordpress.com/>

Quantum Protocol Zoo

PART OF RESEARCH INTERNSHIP AT LIP6, PARIS

December, 2018 - July, 2019

- Added various protocols to the online encyclopedia of Quantum Internet Protocols and reviewed many others.
- Analysed and identified the resource requirements for performing each protocol.
- Developed the 'Knowledge Graphs' - a unified, interactive and user-friendly tool for resource visualisation.
- Available online at wiki.veriqcloud.fr.

Linear Cryptanalysis of Substitution-Permutation Network

SUMMER PROJECT

May, 2018 - June, 2018

- Learning project under Prof. Sugata Gangopadhyay, Dept. of CSE, IIT Roorkee.
- Implemented a Substitution-Permutation Network based Block Cipher model.
- Implemented a linear cryptanalytic attack on the developed cryptosystem for retrieval of certain key bits.

Honours & Achievements

- 2021 **USEQIP**, Selected among top 30 individuals from the world by IQC, UWaterloo consecutively twice
- 2020 **USEQIP & URA**, Selected among top 30 individuals from the world by IQC, UWaterloo
- 2017 **Aditya Birla Scholarship Programme**, Shortlisted among 30 students from various IITs for 2017-18 Awards
- 2017 **All India Rank - 348**, JEE Advanced, administered by Indian Institutes of Technology
- 2017 **All India Rank - 231**, JEE Main, taken by more than a million students.
- 2017 **All India Rank - 114**, KVPY, administered by Indian Institute of Science.

Grants, Fundings, Fellowships

- 2022 **EUR QuanTech Fellowship**, Fellowship for M2 internship by Université Paris Cité
- 2020 **Unitary Fund**, Granted funding for developing open source Quantum Machine Learning teaching material.

Extracurriculars

Quantum Computing Group, IIT Roorkee

Roorkee, India

FOUNDER, CORE MEMBER, SECRETARY FOR THE TERM 2020-21

2020 - 2021

- Established the Quantum Computing research and discussion group under ACM Student Chapter, IIT Roorkee.
- Conducted QC discussions on various topics from the basics to the advanced.
- Mentored beginners in the field to explore the various topics systematically.

Geek Gazette

Roorkee, India

EDITOR AND PRESIDENT FOR THE TERM 2019-20

2017 - 2021

- Official Tech Magazine based in IIT Roorkee.
- Managed a group of 80 students divided into four diversely functional cells - Editorial, Design, Finance and Web.
- Written and edited articles and interviews for 6 issues of the magazine and the *website*.

Student Mentorship Programme

Roorkee, India

MENTOR

2019 - 2020

- Personally mentored five freshmen from the CS Department.
- Individually guided them through personal and academic problems for the entire year.

Dramatics Section, IIT Roorkee

Roorkee, India

DRAMATIST

2017 - 2018

- Performed one Stage Play and acted as non cast member for three stage and street plays.

Programming and Algorithms Group

Roorkee, India

PROGRAMMER

2017 - 2018

- Member of the Competitive Coding club based in IIT Roorkee.
